# LYSS

Designer: Toni Rie

Metal table lamp.

With its clear minimalist lines and full focus on functionality, the LYSS lamp series draws on the finest traditions and qualities of Danish design.

The conical shade, with its reflective white underside, directs the light exactly where you need it. A tilt able joint is located between the shade and the arm, and the table lamp stand on a simple base plate heavy enough to provide stability.

The lamp is fitted with a matching switch and fabric cord that complete the simple, monochrome look.

In matt light-grey and matt black, LYSS complements most interiors, while the rich-toned matt almond is a stylish match for the warm glow of teak, smoked oak and palisander – the signature woods of the golden age of Danish design.
